preface from NEOs

Dearest **SCOPE**ople and exchange-enthusiast,

For the past 22 years, **SCOPE CIMSA** has worked to guarantee that medical students from all around the world have access to the best global health and cultural understanding education by facilitating our professional exchange program. Our predecessors played a great role in getting to where we are now, and we are ready to embark on this exciting new venture.

We realize that any journey will take time; nonetheless, it begins with a first step, and we are now grateful that one has been taken. After going through several selection processes, we are proud to introduce our **National Exchange Committee 2023/2024**.

We extend our heartfelt congratulations and best wishes for the upcoming year. We'd also like to express our highest appreciation to our candidates for their hard work and contributions throughout their candidacies. We hope this could be a rich learning experience for all of us.

Blue hugs,

Salsabila and Ariana Safitri Putri
